

# ACHIEVE

*A Long-Term Employment Program*

(616) 588-2210

[www.goodwillgr.org](http://www.goodwillgr.org)

Achieve is a Goodwill of Greater Grand Rapids program designed to help adults looking to attain self-sufficiency through employment. By assessing skills, passion and motivation, our dedicated team is able to assist individuals with setting and reaching long-term career plans and goals while presenting the best version of themselves to employers.

## **Employment:**

Goodwill assists with every step of the employment process from resume creation and identifying a potential job match to interview practice and job retention. We partner with local employers to help ensure that you find the right job and thrive in your new position.

This program focuses on career coaching, job search assistance, employment readiness, and skills for life workshops. After one year of job placement, 70% of Achieve participants are still employed.

## **Achieve's Now Online:**

Achieve is currently 100% virtual with **technology available for those without remote access.**

Group workshops are held virtually Monday – Friday: 9 AM – 2 PM for the first two weeks and then Monday – Thursday from 9 AM – 2 PM for job search assistance and one-on-one career coaching.

## **Connect With Us:**
