goodwillgr.org

What is ACHIEVE?

Goodwill's ACHIEVE program is designed to help adults who are motivated to attain self-sufficiency through employment. ACHIEVE assists adults in setting long-term career goals by assessing their skills, passion, and motivation to work, and providing a dedicated team to work alongside them to achieve their goals.

Information Session:

EVERY FRIDAY AT 10:00AM AT 3777 SPARKS DR. SE

Program Highlights:

After the information session and acceptance into the program, participants work on their individual career plan.

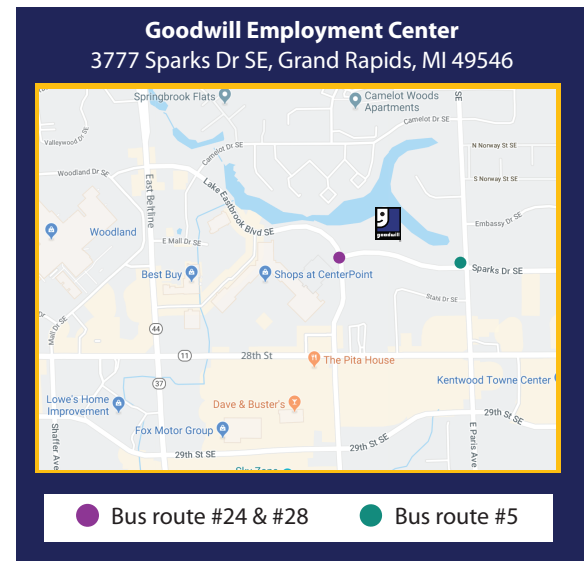

The ACHIEVE program meets Monday-Friday from 9am to 2pm for the first two weeks, and then Monday-Thursday from 9am to 2pm for job search assistance.

Group activities and classes focus on job search, job readiness, computer skills and skills for life.

Employment:

Goodwill partners with area employers who are interested in hiring participants that are work ready. We assist motivated participants until a job is secured. **Seventy percent of ACHIEVE participants are still employed one year after placement.**

Changing lives and communities through the power of work!

Program participants may be eligible for extended, time-limited food assistance.

Contact Karen Walker for additional information (616)588-2213.
